Pick your favourite colours and give Teddy a look of your own. Add a pattern to the shirt, or draw a friend beside Teddy.

Try stripes, spots, rainbows - or something only you can imagine!

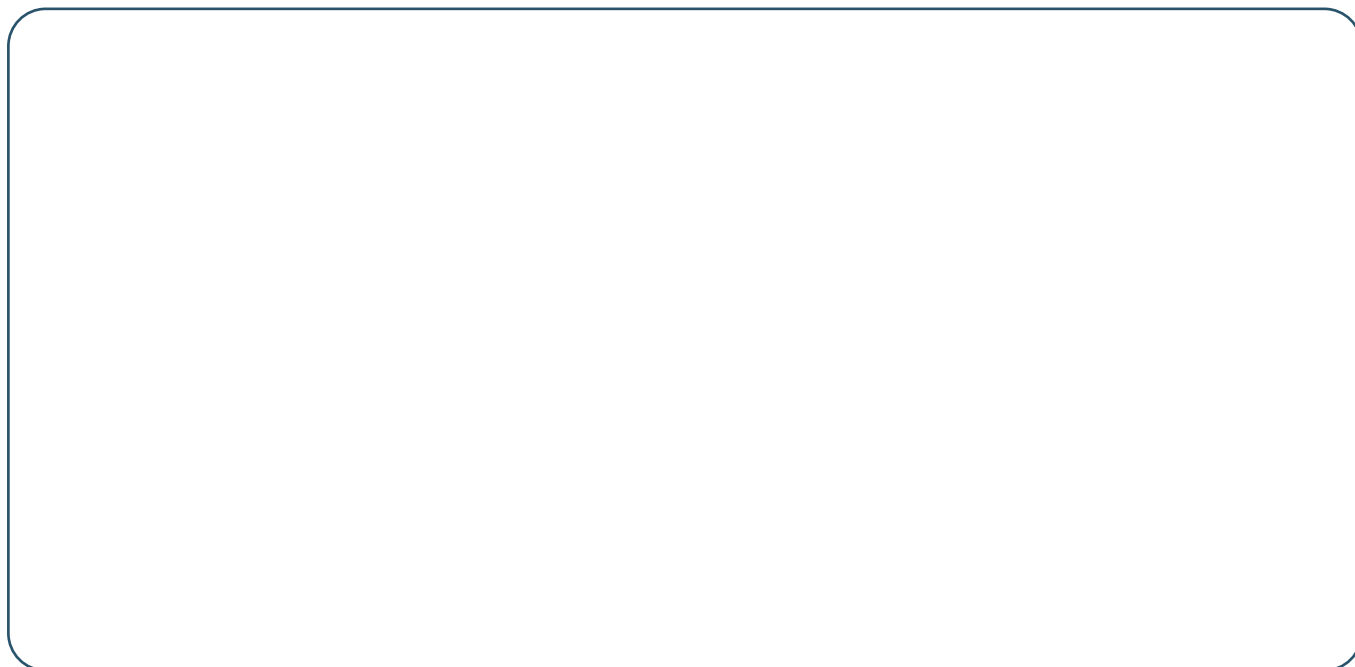

My new home adventure

Moving can feel exciting, strange, or a bit of both. Try these little steps with your grown-up, then dream up a space that feels like you.

- ☐ Choose a favourite toy or book to keep close on moving day.
- ☐ Pack a small bag of things that help you feel comfortable.
- ☐ Ask your grown-up to show you around your new home.

Design my cosy corner

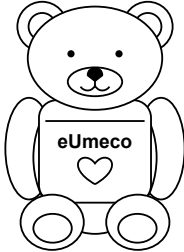

Draw your bed, books, toys or a place to relax. Make it yours!

A large, empty rectangular box with rounded corners and a thin blue border, intended for a child to draw their ideal cosy corner.

One thing I am looking forward to:

Neighbourhood bingo

Explore together with a grown-up. Tick what you spot: three squares in a row makes bingo!
Take your time - you can come back another day.
